

CENTRAL REGION ANNUAL REPORT 2017-2018

Central Region continues to offer the best possible opportunities for skaters.

We continue to have many very talented coaches in our clubs. Membership continues to be strong. The talent of our skaters continues to be revealed. We now have a member from one of our clubs on the National NextGen Team for pairs. This Junior Pair placed third at Nationals this year.

A number of successful competitions were hosted by clubs from our Region. We were able to hold a very successful Central Region Skatefest at St. Margaret's Centre this year. Many of our stalwarts got together during March Break and had a wonderful morning of competition for our "up and coming" skaters. The highlight of course was the very exciting races. We had a tremendous turn out of volunteers to help with the evaluations. Thank you to all those PA's. All of the profits from this competition will be divided up among the four participating clubs to be awarded out as bursaries for their skaters.

I am hoping to be able to hold more meetings during the coming season.

Respectfully submitted,
Janice Jackson
