

**Governance Committee Report  
Skate Canada Nova Scotia Section  
2019-2020**

The Governance Committee met several times throughout the year via conference calls. We had a productive year and met many of our goals.

Over the summer, the Governance Committee worked together to create a new contract for Jill. We want to thank Jennifer Keliher and her legal background for creating Jill's new contract. We also want to thank Heather Dawe for her legal input as well. The contract was complete and agreed upon in January 2020.

In December, the Governance Committee consolidated the SCNS Strategic Plan with the SCNS Outcomes. The SCNS Strategic Plan and Outcomes for each pillar (Excellence, Coaching & Officiating, Participation, Organization) were combined into a new and easy to read document. This document was completed and submitted in March.

The Governance Committee began a google doc to list all the policies that need to be available for easy navigation on the SCNS website. Natalie was going to work with the Marketing & Publicity Committee to work on updating the website, but due to everything going on with COVID-19, work on this project has been put aside for now.

Respectfully submitted,

Natalie Doroshenko  
Chair SCNS Governance Committee
