

Governance Committee Report Skate Canada Nova Scotia Section 2020-2021

Due to the Covid-19 pandemic the Governance Committee did not meet in-person during the 2020-2021 skating season. The committee was in communication through emails and zoom.

The main action item of the Governance Committee for the 2020-2021 skating season was gathering all the various policies (SCNS & Skate Canada National) to create an organized list of policies. This document was compiled in google docs and assisted in updating the SCNS website. This policy document was submitted on behalf of the Governance Committee, January 2021 and was used to help organize the new SCNS website. The SCNS website was updated in January/February 2021. The SCNS website was organized with easy to follow links to policies for SCNS and Skate Canada National i.e. Concussion Policy, Inclusion Policy, etc.

The Governance Committee continued work with the SCNS board to submit sport organization outcomes (excellence, coaching & officiating, participation, organizational pillars) in March 2021 to the Nova Scotia provincial government for the 2021-2022 season.

Respectfully submitted,

Natalie Doroshenko
Chair SCNS Governance Committee
