

2027 Canada Games

Skate Nova Scotia is very excited to begin the process of selecting skaters for the 2027 Canada Games Team.

The following is a very brief outline of the process and timeline for skaters who are interested in being considered for the 2027 Canada Games Team.

Skaters who are planning to compete in the Novice Event(s) for the 2026/2027 skating season will have the opportunity to apply. In April 2026 an application of interest will be available for skaters, along with dates for events that will be held, including all Canada Games monitoring, seminars (on and off-ice) and named qualifying competitions where attendance would be expected. A yearly training plan will need to be included with the application and there will be a fee associated with the submission, along with potential fees for Canada Games sessions.

Events:

June 07 – Off-ice event with skaters, guest speaker with Canada games experience and an Official guest speaker. Coaches and parents are welcome to attend.

July Monitoring/Simulation session, - July 24, 2026

Out of Province Competition – Determined by skater.

August/September Event - details TBD

December – the Canada Games team will have an event between Christmas and New Years, location and exact times TBD.

Qualifying:

The Fallskate and Robert McCall Memorial competitions are the qualifying events. The selection of the team will be made based on the cumulative total points from both events (tie breaker, if necessary, will go to the technical scores at RMM).

The selection of the 2027 Canada Games Team is at the discretion of the 2027 Canada Games Selection Committee.

Additional sessions for the team may be scheduled following the selection. Skaters and coaches will be given at least 4 weeks notice of these events in order for proper planning.

Sincerely,

Sheila Beard

President: Skate Nova Scotia
